

Midlands, Fuzzy DIY Alt-Rockers – Making music their own way.

Swaggering attitude filled indie, alternative-rock music, littered with meaty riffs, fuzzed up force with a danceable groove locked inside. We Be Beasts are a fuzzy DIY four-piece on a mission to create the music that they love and share it with the world in their own unique way.

Formed in 2017 when front man, Nick Brooker teamed up with drummer Dan Wright to bring to life a series of Garageband demos. The duo were joined by former schoolfriends and brothers Chris and Matt Jones to become the four-piece that they are today. With influences ranging from Queens of The Stoneage, Jack White, Royal Blood to Led Zeppelin, The Rolling Stones, Blondie and Joy Division. The band aim to capture a sound rooted deeply in the rock tradition whilst bringing the energy of punk and new wave with the dancibility of Funk and Disco.

With a wealth of knowledge and skills amongst them, the band are gaining a reputation for their DIY approach to music. Not only writing, performing and recording their own music but also releasing the music under their own label 'Fuzzy Records', designing and creating their own artwork, manufacturing their own CD cases and screen printing their own band t-shirts. It's this truly grass-roots DIY approach that the band feels sets them apart from the crowd.

"We Be Beasts is us four musicians creating the music that we want to create in the way that we want to do it. We've all been in many previous bands but this feels the most us and the most honest and it's a lot of fun". – Dan Wright, We Be Beasts.

The band released their debut singles, 'Czary' (pr. Tah-ree) and the self titled 'We Be Beasts' in April 2019 with the follow up singles 'Blanche' and 'Before You Fall' to be released in August 2019 and their debut album expected in January 2020.

The bands energetic live shows have gone from strength-to-strength with regular gigs locally and nationally and festival appearances including, Glastonbudget Festival, Gotham Fest, Real Fest and Worcester Music Festival. This has caused a growing audience and following on social media with the band becoming ever more in demand. One of the most hard working, up and coming bands, We Be Beasts are set for something exciting in the future.
